A RINO THAT CAN'T LEAD BECAUSE HE  
CAN'T SEE BEYOND HIS HORNS!

Folks, the solutions in the bottles don't work!  
Who will take the lead?

1. Focus on ECONOMIC DEVELOPMENT vs. TAX, SPEND and ENTITLEMENTS. Create BOARD OF ECONOMIC DEVELOPMENT.
  2. Extract useful information from current GENERAL PLAN and develop a concise version easily understood by everyone and which has unprecedenced ENVIRONMENTAL protection with continued support of BUSINESS OPPORTUNITIES. I am the only candidate with the education and work experience to drive this forward.
  3. Rezone FELTON MEADOWS to a low maintenance landscaped park. In order to offset property purchase, allow commercial zoning for possible restaurant/shops connected to shopping center and with back deck facing meadow.
